Accessible Facebook

Getting Started

- **Requirements** – to use Accessible Facebook you need a Facebook account. Make sure you have your login and password available.
- **Login** – After selecting **Accessible Facebook** from your Home Page, follow the sequence – **Login and Info** => **Log In** => **Email or Phone** => enter your Facebook account email or phone number => **Password** => enter your Facebook account password => **Log In**. You can also reach the log in and log out controls via **Menu** => **Options**.
- If you already logged in on this device, your previous logins will appear. You can click **Recent Logins** to login again with one of them.
- You are now logged into your Facebook account. Select **Continue to Facebook** to start using the app.

Home

- **Menu** – go to Facebook menu ([Page 5](#)).
- **Post Up / Post Down** – move the blue border frame up or down to view the post immediately above or below the currently selected post. If no post is selected, select the first post.
- **Click Post** – if the post contains media you can interact with, clicking here will open the post or link in the browser and redirect you to the buttons you need in the toolbar (e.g. **Video Player** controls [Page 4](#)).
- **Like** – like the selected post.
- **Emotion** – react to the selected post with an emoji.
- **Read Post** – read the content of the selected post aloud.
- **Full Text** – open the full text of the selected post.
- **Comment** – respond to the selected post by writing a comment, sending a gif image, sending a sticker, sending an emoji, sending a picture or a video.
- **Comments** – go to the selected post comments, to browse, open or respond.
- **More Comments** – open more comments to the selected post.
- **Post Options** – more options for interacting with the selected post. This is also where you should click if you want to write your own new post.

Video Player
